5 Hip Steak Dinners to Spoil Dad This Father's Day

A nice steak dinner with all the fixings is something any dad would appreciate for Father's Day (June 21). These five options go above and beyond your traditional steakhouse.

Park Avenue Summer

Park Avenue Summer will eventually change its name with each season, but the focus is always on using the freshest ingredients. Even the Creekstone skirt steak gets a touch of summer with a cherry-chipotle glaze adorned with thin onion rings. The best part is, you won't feel guilty after digging into this seasonal dish. *360 Park Ave. S., 212-951-7111*
